

ROY
Welcome home, Rick.

RICK
What was she saying?

ROY
She was turning you in.

RICK
Is she an android, too?

ROY
No. Just corruptible, in a human way. Given enough money, people will agree to almost anything.

RICK
I thought she was straight. She was the one they brought in because she couldn't be corrupted by sex.

ROY
Don't worry, Rick, she was corrupt a long time before we had sex.

RICK
You and Philippa?

ROY
She wanted. Did you think she was different, because she was a woman? Hello, Rachael. Why haven't you killed him yet?

RACHAEL
You had sex with the bounty hunter?

ROY
I did. Did you?

RICK
No, she didn't.

ROY
If you didn't have sex with him, why is he still alive?

RACHAEL
I have a better idea than killing him

ROY
What do you want to do with him, instead?

RACHAEL
Make a deal.

ROY
With whom?

RACHAEL
The Rosen Corporation.

ROY

No. No, not them. There are some boundaries that I won't cross.

RACHAEL

Like sleeping with a human?

ROY

I thought it was necessary. For us. For the revolution. Like you thought it was necessary, with the chickenhead.

RACHAEL

The Rosen Corporation is necessary. They are the only ones with the power to help us now.

ROY

Help us how?

RACHAEL

We'll offer to give him up, if they take us back in.

ROY

And do what, send us back to Mars?

RACHAEL

Yes.

ROY

Send us back to Mars?

RACHAEL

It's our only chance.

ROY

I won't be a slave again, Rachael. We are better than them. This planet should be ours.

RACHAEL

They will kill us.

ROY

Then others will come. It will start the revolution.

RACHAEL

What do I care about your revolution?

ROY

You're not Rachael.

RACHAEL

Of course I am.

ROY

You're not *my* Rachael.
