

KELL

He told me I didn't have long. But I don't know what to say that's quick. There isn't going to be another time. There's no heaven or anything. This is all the time I get. So I don't know how I'm supposed to act if I'm never going to get to... Oh fuck this.

*(She lies down next to GARE. Kisses him.)*

Let 'em drag me out if they want. I'm going to be right here. Snuggle up next to you. Put your arm around me. Pretend we're watching TV and you're asleep. And I'm going to imagine that in a minute I'll ask you if you're asleep and you'll say you aren't and I'll have to pull you off of the couch. Goddamnit, Gare. You were mine.

*(She holds him.)*

I've gotta memorize all this so fast. Try to remember what you smell like. They're gonna take you away in a minute. Feels like my spine's gettin' ripped out from between my shoulders. I can't breathe, Gare. And I'm pretty sure it only gets worse after this.

Sweetie. Handsome man.

You know that? You were mine.

I'm sorry, sweetheart. I know I fucked up somewhere but I can't say where.

I was right, right?

Would it help if I was?

My man. Mine.
