

ASHLYN
You got another four-top.

LISA eyes her curiously.

LISA
I'll get to them.

ASHLYN
I wonder what they want. I mean, if I had to guess. It's a big menu.

LISA
Not that big.

ASHLYN
What do you think they want?

LISA
I don't know.

ASHLYN
You sure?

LISA
What are you getting at?

ASHLYN
You took down our order before we finished giving it.

LISA
I've been doing this a long time.

ASHLYN
Or...maybe you already know what everyone wants. Like that new four-top over there.

They stare at each other for a moment.

LISA
I have to make eye contact with them. Before I know.

ASHLYN
And if they change their mind or are joking around like the guy I'm with...?

LISA
Doesn't matter. I know what they want. What they really want. (beat) What's your name?

ASHLYN
Ash.

LISA
You always go around sniffing out people's secrets, Ash?

Not usually. I just thought...
ASHLYN

What?
LISA

...that we have something in common. (beat) Sorry to bother you.
ASHLYN

She turns to go, but LISA stops her.

Wait, you just caught me off guard is all. I don't meet a lot of people like...us. (beat)
LISA
Hey, you know the gallery on Main? Two-story place?

I think so.
ASHLYN

The upstairs is a loft apartment. My friend Marla lives there. She has some friends over every Wednesday around eight. You should come by.
