

## **Join Sacred Fools Theater Company for BUILD WEEK: Feb 25-Mar 3!**

Sacred Fools will bring our community together for a festive week of building and crafting as we create our newest set for *Akuma-shin*, an exciting new play by Kenley Smith, directed by Scott Leggett. Please join us at our home, The Broadwater Theater, for any and all of the following dates as we bring this ambitious set to life. Come be a part of the show!

### **BUILD WEEK SCHEDULE:**

#### **STRIKE DAY!**

***February 25, 10am-10pm***

- Get ready to break things! We'll tear down the set for *Denim Doves* to clear the slate for *Akuma-shin*. Wear clothes that can get dirty and bring a charged-up cordless drill if you have one. Come early, so that we can finish early!

#### **Company Build Times**

***Tuesday, February 27 - Friday, March 2***

- Join our build crew to complete special assignments as we address some of the nitty-gritty details of the *Akuma-shin* set. All skill levels welcome. Evening slots are on the schedule, but you're welcome to drop in during the day to help our carpentry crew if you have time. Please see our schedule of available assignments via the link below.

#### **BUILD PARTY!**

***Saturday, March 3, 10am-6pm***

- We'll provide snacks, beverages, and pizza as we get down to work on the (hopefully) finishing touches for the *Akuma-shin* set. We'd love to see as many friends as possible on this day. Friendship and art and snacks, what's better than that?!

### **SIGN UP INFORMATION**
